SUMMARY

Python Developer and Full Stack Development enthusiast pursuing a B.Tech in AI & Data Science at Poornima University (2022–2026). Proficient in Python, Flask, MySQL, and SQLite3, with hands-on experience building 10+ scalable web applications and automation tools. Strong focus on clean code, data security, and user-centric design.

EDUCATION

BTech (Computer Science and Engineering specialization in Artificial Intelligence & Data Science)

- Poornima University, Jaipur

08/2022–05/2026 | CGPA: 7.62 (6th Sem)

Senior Secondary (PCM)

- Target School, Jaipur

07/2020–03/2021 | Percentage: 94%

SKILLS

- Programming Languages:** Python, HTML/CSS(Basic)
- Frameworks & Libraries:** Django, Flask, SQLite3, MySQL
- Tools:** Git, WordPress, VS Code
- Soft Skills:** Problem-Solving, Team Collaboration, Time Management, leadership

PROFESSIONAL EXPERIENCE

Full Stack Developer | ALDS Solution

Jaipur 05/2025 – 07/2026

- Built and customized responsive websites using WordPress, HTML and CSS ensuring cross-browser compatibility.
- Collaborated with designers and integrated plugins, forms, and APIs to enhance website functionality.
- Used Python to generate and manage JSON files, and worked on basic backend tasks for form handling and data storage.
- Collaborated with cross-functional teams.

Python Developer Intern | GIP TECHNOLOGIES PVT. LTD,

Jaipur 05/2024 – 06/2024

- Developed and debugged Flask-based web applications using Python, HTML/CSS, and MySQL, improving code efficiency by 25%.
- Implemented secure authentication systems and database schemas.
- Collaborated with cross-functional teams.

Freelance WordPress Developer | Self-Employed

- Built 10+ responsive WordPress websites.
- Achieved 95% client satisfaction rate through iterative feedback loops.

PROJECTS

Portfolio Website | Flask, SQLite3

[Deployed link](#)

- Designed and deployed a personal portfolio website to showcase projects, skills, and achievements.
- Result:** Centralized hub to highlight technical expertise, certifications, and professional work.
- [GitHub](#).

Personal Finance Manager | Flask, SQLite3

[Deployed link](#)

- Engineered a web app with user authentication, expense tracking, and financial reporting.
- Result:** Track income and expenses.
- [GitHub](#).

Bulk Email Sender | Python, SMTP

- Automated bulk email delivery for 1k+ recipients with real-time status updates and attachment support.

- **Result:** Reduced manual effort by 80%.
- [GitHub](#).

Link Shortener Web App | Python , Flask

[Deployed link](#)

- Built a scalable URL shortening platform with unique code generation, redirection logic, and PostgreSQL database integration via NeonDB.
- **Result:** Enabled efficient link management.
- [GitHub](#).

YouTube Video Downloader | Flask, yt_dlp

[Deployed link](#)

- Created a web app to download videos, integrating user-friendly HTML templates.
- **Result:** Developed a Flask-based web application to download YouTube videos.
- [GitHub](#).

Qr_Code Generator Bot | Python, Telegram

[Deployed Link](#)

- Telegram bot to generate QR codes from text input.
- **Result:** Generate QR code of any text.
- [Github](#)

Weather App Project | Python, MySQL, Django

[Deployed link](#)

- Leveraged external APIs to display current weather information.
- **Result:** Get real time weather condition
- [GitHub](#)

Attendance Checker App | Python, Flask

[Deployed link](#)

- Enabling students to monitor attendance and track bunk days.
- Integrated analytical features to help students plan attendance and avoid shortfall.
- [GitHub](#)

CERTIFICATIONS

- **Python for Data Science** | IIT Madras (NPTEL) | 2023
- **Programming Fundamentals in Python** | Infosys Springboard | 2024
- **Python Essential Training** | LinkedIn Learning | 2023
- **Python Programming** | Let's Upgrade | 2023
- **Basics of Python** | Infosys Springboard | 2024
- **Python 101 for Data Science – Certified** | IBM Developer Skills Network | 2025
- **Introduction to NoSQL databases** | Infosys Springboard | 2024
- **Python Fundamentals for Beginners** | Great Learning Academy | 2023

Achievements

- **Flipkart Hackathon Participant** – Competed in a Flipkart-hosted hackathon, applying problem-solving and coding skills in a competitive environment.
- **Tata Crucible Campus Quiz 2024** – Participated in the Tata Crucible Campus Quiz 2024, organized by the Tata Group, representing Poornima University (PU), Jaipur. This experience enhanced problem-solving, analytical thinking, and general awareness through a competitive quiz environment.
- **RSCIT Examination – Certified** – Information Technology (RSCIT) Examination, conducted by Vardhman Mahaveer Open University (VMOU), Kota in collaboration with RKCL. The certification validates knowledge and skills in computer fundamentals, internet, MS Office, and digital literacy.
- **Supervised a Team at IIFA Show (Jaipur)** – Led and managed a team during the IIFA event in Jaipur, ensuring smooth coordination and execution of tasks.
- **Volunteering Experience** – Contributed to event management and coordination at major concerts, including **Karan Aujla Show, Arijit Singh Show, and IIFA Show in Jaipur**, enhancing teamwork, leadership, and organizational skills.
